Assembly and Tips:

1. Adhere the mossy meadow layer (4" x 5 1/4") to the inside of the card base.
2. Adhere the green scroll designer paper (3 7/8" x 5 1/8") to the green layer you just put down in step 1.
3. Adhere one of the green diagonal cut pieces to the front of the white card base and do the same thing for the inside of the card base.
4. Adhere the black/white leaf pattern paper to the top of the green diagonal cut pieces that you just put down in step 3.
5. Using the smaller white card base (3 x 8 – scored at 4") adhere the mossy meadow green pieces to the front and again to the inside.
6. Take the Timber embossed piece of basic white (2-5/8" x 3-5/8") and adhere it to the front of the card, on top of the mossy meadow layer.
7. Put the remaining white piece on the inside – on top of the green layer.
8. Color the pumpkin and the flowers.
9. Place about 4 Stampin' dimensionals to the back of the pumpkin and adhere it down to center/bottom front of the card – on top of the timber embossed piece.
10. Place more dimensionals on the back of the flowers and place them down on top of the pumpkin.
11. Glue down the "Hello" sentiment to the bottom part of the pumpkin.
12. Tie your bow and glue this down near the stem and add your three adhesive backed gems to the front.
13. As the final step, add glue to the back side only of the small white card with the pumpkin. Open up the main card base and glue this card down on top of the green scroll layer – centering it. You're done!
